

# TEAM VOLUNTEERING

## — WITH HABITATS & HERITAGE

We run sessions at a variety of locations across the boroughs of **Richmond, Kingston and Hounslow**, including local nature reserves, community gardens, and heritage sites.

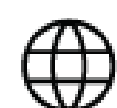

Activities available vary depending on the time of year.

*Habitats & Heritage is the charity that cares for the natural and historic environment and climate in south and west London*

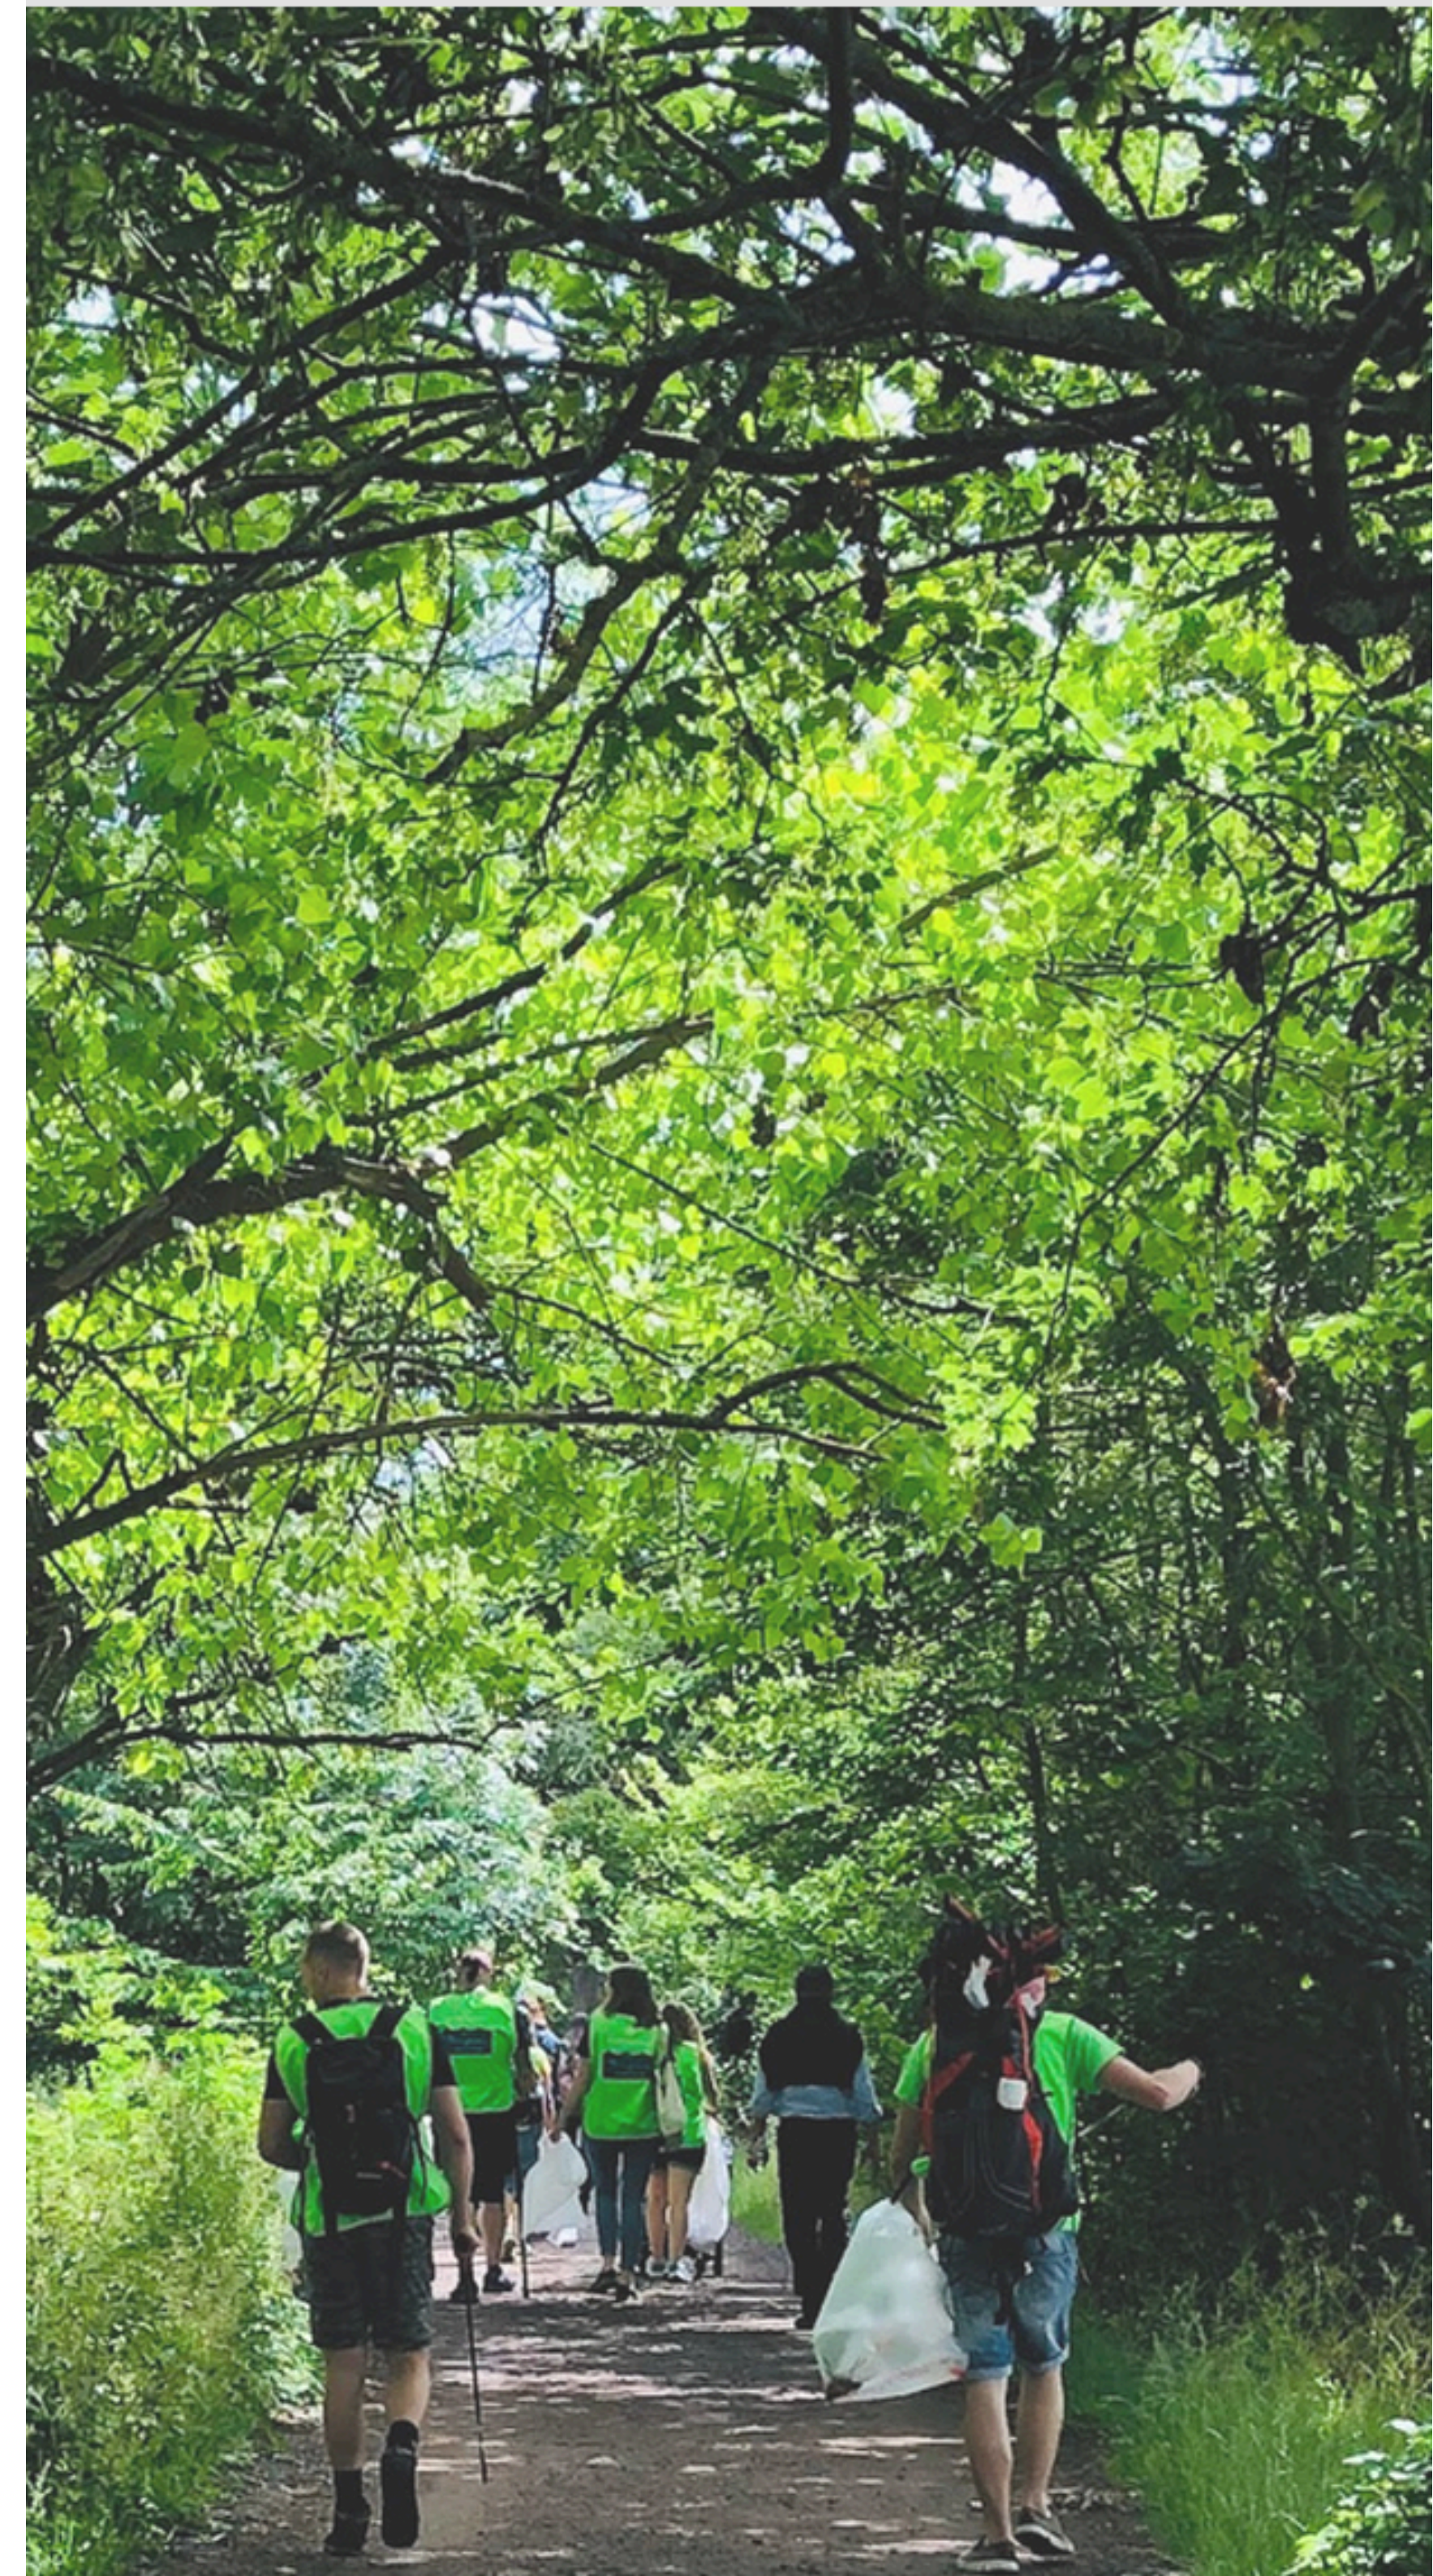

*We want to see nature flourish whilst protecting and enhancing sites of historical significance*

@habsandheritage

www.habitatsandheritage.org.uk

**“Thanks for your time and organising such a great outing. It was indeed special and everyone here loved it. I think we all should connect with nature in some form or the other – makes you realise it's importance.”**

## **Why Volunteer ?**

**IMPACT** Your employees can make a real difference locally. Volunteering events demonstrate your company's commitment to making a positive impact.

**INSPIRE** Working in nature provides valuable experiences. Your employees will be inspired while learning about the environment and how to care for it.

**BUILD** Team days strengthen workplace relationships and generate a positive perception of employers.

# WHAT'S INCLUDED?
